Tickets are **on sale now** for both shows. Ticket sales are only limited per family until **May 12**. All remaining tickets will be available to purchase after that date. Be sure to purchase your tickets before that date to avoid disappointment!

Expect a bit of a lineup before doors open as seating is by general admission. We will hold a row of seats at the top of the auditorium (stage right and stage left) for guests with mobility issues. For those who prefer to sit with family or closer to the stage, you may wish to have a family member wait ahead of time and arrive closer to show time.

#### Studio Dress Rehearsal: (May 11 - 17)

This studio “dress rehearsal” allows teachers to check that families have a clear understanding of the costume before recital day. During the week of May 11-17, students should come to their regular class dressed in their costume with all accessories. Hair and make-up should also be done. **Hair and make-up tutorials are linked to the QR codes on the costume labels.** They are also linked on our website at the bottom of the Performances page.

**Parents are also invited to come into the classroom for the last 10 minutes** of their dancer’s dress rehearsal class to get a quick walk through of costume expectations and receive feedback. \*If your dancer will not be attending class during this week, please contact the office in advance.

For RAD ballet with 2 weekly classes please dress for the **later class** in the week.

#### Studio Portraits - May 16, 17 & 18:

There are still times slots available for professional studio portraits by David Marasigan. Dancers can pose in costume or in their class uniform for the individual portraits. Each session is 10 minutes, there is no cost for the booking, and you can view the photos before purchase.

Families should sign-up in advance through the Registration portal by Friday, May 8.

**To make a last minute booking or cancellation please, contact the office 604-499-7246.**
