Learning a recital dance:

Choreography will take place during part of your child's regular classes. Some classes will start choreography in the next few weeks and all classes will be working on choreography when we return from spring break. Please, for the benefit of the group, try not miss classes during the rehearsal period after spring break. Many missed classes may result in booking additional studio time which comes with a fee, or ineligibility for your child to perform in the recital.

If your child is not participating in the recital they will still take part in regular class activities such as working on technique and learning the choreography in an understudy capacity.
