Costumes and Costume Deposits:

This year we have implemented the Costume deposit. You will have already seen this as an addition to your 2nd tuition instalment invoice. By doing this we are hoping to expedite the costume ordering process enabling us to find better deals and adequate supply.

If we find costume fees are more or less when ordered we will adjust your third term invoice accordingly. With price increases in worldwide markets we expect costume prices will be in the range of \$80-\$130 this year, with younger children's classes being on the lower end.

Students who do not wish to participate in the show should notify the office by January 15 2024 to have the costume deposit reversed. Anyone who withdraws from the recital after January 15 2024 will not have the costume deposit refunded.

Learning a dance piece:

Learning choreography and performing on stage is a big part of dance education and most children love the opportunity; however we know not all children embrace the idea. If you feel your child is not up to the task or if you know you will be away for the recital date please let us know as soon as possible. All children will still participate in classes as well as learn the choreographies but if your child is not going to perform in the recital you will not be charged for the costume and deposit.

Choreography will take place during part of your child's regular classes. Please, for the benefit of the group, try not miss classes during the rehearsal period two months up to the recital. Dancers who miss many classes during this period may be required to book private practice time in order to prepare for the performance.

Please expect further information instalments leading up to the recital on topics such as:

Volunteering
Tickets
Hair and Make-up tutorials
In studio Rehearsals
